SMART SELACARD

Business card solution

SELACARD

SMART- SUSTAINABLE - ECO-FRIENDLY

WHO WE ARE

Sela Investment Company was established in 2022 to showcase its first digital product for the SelaCard. The company is proud to supply a number of companies and entrepreneurs since its inception. And we sought to contribute to digital transformation

OUR VISION

Replace printing 1000s of traditional business cards. Thus protect the environment by reducing the consumption of papers for greener earth.

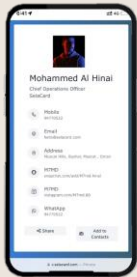

MISSION STATEMENT

We help professionals network better with time-saving and eco-friendly technology.

HOW DOES IT WORK?

Simply place your phone on the SelaCard and your phone will immediately display the contacts details on your device or scan the QR code instead.

SWITCHING FROM PAPER TO DIGITAL SELACARD

Save time

Access and update your contact information anytime, anywhere, with a few clicks

Save money

You no longer need to print expensive business cards

Save space

Say goodbye to the stacks of cards you carry with you everywhere

Monitor performance

Receive detailed stats on when and where the card was scanned or shared to evaluate and improve performance

Promote your business

Add and edit links, brochures, presentations, videos, catalogues, and more

Be flexible

The content will adapt to any screen size (smartphone, tablet, laptop) for both Android and iOS, no need for app download

100% touchless

Allows for interacting and sharing information without physical contact, a key feature during and after the COVID-19 pandemic.

Eco-friendly

Contributes to the reduction of paper waste and tree cutting

Stylish and unique

Made with premium quality materials, with an embedded (hidden) chip. Choose any design you like
